

Policy: 3060
Procedure: 3060.08
Chapter: Medication Management
Rule: Prohibition of Medication for
Behavior Control

Effective: 08/06/07
Replaces: 3101.01
Dated: 04/01/1996

Purpose:

The Arizona Department of Juvenile Corrections (ADJC) Division of Programs and Institutions shall ensure that no juvenile is given medication for the purpose of program management and/or behavior control.

Rules:

1. A **PSYCHIATRIST, MEDICAL PROVIDER, OR MID-LEVEL PROVIDER** shall prescribe only behavior altering medication as medically appropriate and within the standard of practice for the juvenile's diagnosis.
2. The **QUALIFIED HEALTH CARE PROFESSIONALS (QHCP)** shall inform persons making requests for tranquilizers, stimulants, or psychotropic drugs to be administered for alteration of a juvenile's program management, immediately, of this prohibition.
